## PSX Avigilon Video Surveillance REUSE or RECYCLE Program for K-12 and Higher Education Clients

PSX, one of the region's leading firms in school security systems, has teamed up with Avigilon, the most innovative video surveillance platform developers of the last ten years, to offer a valuable trade-in program to K-12 and higher educational institutions.

Schools requesting a system design quotation for an Avigilon Video Surveillance System from PSX by May 29, 2015 are eligible to trade in one or more existing cameras installed at the site for a \$25 trade-in per new camera purchased.
